Jophiel & Christophina (Constance) are the Archangel and Archeia of the Golden-Yellow Ray of Illumination and Divine Wisdom. Archangel Jophiel comforts us when we are alone and feel lost from life or disconnected from the Universe. He/She surrounds us with Divine Love and gives us their strength, dissolving blocks we may have in our way and reinforcing our bonds with God. He/She then helps us see our next step in our plan and then move forward with courage. He/She also allows us to integrate aspects of ourselves we may have split off in this or other lifetimes through fear, shock, pain, terror or sorrow. He/She then helps heal the wounds associated with the split and helps us claim those parts of ourselves back, (what some call soul retrieval). They serve to illumine Humanity's understanding of the Universal Cosmic Laws and to help us make connection to our I AM Presence by educating hearts and minds. Their Sacred Fire can be called upon to help reveal untruths, conspiracies and anything that may be hidden in our world systems. We may also call upon this Divine Angel to release their mighty radiation into vibrations of jealousy, gossip, blame, dishonour and lack of integrity.

Archangel Jophiel is closely connected with the planet Venus from where he and his twin flame Christophina originate, which is illustrated by their luminescent white skin and hair. They came to Earth long ago with a large team of Ascended Beings and Angels to serve with Sanat Kumara and Lady Venus Kumara in their endeavours to return Earth to the Path of Light. Gautama Buddha and Sananda (Jesus) both also originate from Venus and it is said too that Venusians were early Earth settlers in the times of Lemuria. Jophiel and Christophina wish to encourage and support new methods of teaching and working with the education of all the children of the world, in order to promote free thinking and reconnection with their Divine birthright. They are also Directors of Training for all the angels, in physicality and not.
