Uriel & Aurora are the Archangel and Archeia of the Ruby flames of ministration and service to Humanity and offer many gifts to assist our ascent into the throne of our Divinity within. They teach us how to apply Absolute Forgiveness in every area of our lives, as a primary key to transcending the human realms of consciousness. Once creation on the Earth plane begins, it manifests under his direction. Uriel assists with restructuring planets and gives the Father's Light to areas of destruction. Uriel is very powerful and energizing, yet somehow there is also an immense feeling of peace and calm about his energy, which is strengthening and stabilizing and feels very grounded and calm. To us as individuals these are important qualities. One of Uriel's tasks is to set us into motion and help direct our strengths at a particular goal. Whereas Sandalphon plants the seeds of ideas, potentials and possibilities within us, Uriel takes us through the next stages and supports us in developing and understanding the true nature and effect of what we are creating. Archangel Uriel & Aurora use their Sacred Fire to purify the mental constructs and emotional holds, by transforming our lower vibrational energies into enlightened spiritual understanding.

Archangel Uriel is a Regent Prince of the Cherubim and said to be one of the oldest of the Angels. His name means "God's Fire" or "God's Light". He is a Regent of the Star World, Angel of the Resurrection Flame and a sacred Guardian of Order and Matter. He is one of the most earthly of the Angelics, being very connected with Earth's progression and the evolvement of all sentient and non-sentient forms thereon. He may be seen carrying a lantern, symbolizing his role in bringing God's Light to us. He is often depicted carrying a book or scroll containing the Divine Laws, which are those Laws ordained by Source that order and regulate Life for all sparks of creation. You can work with him by allowing his Radiance to overlight you as you focus on an area of the world that needs Great Peace; he will assist you to bring the Father's Light to all beings and to all worlds.
