

THE GREAT LORD THE MAHACHOHAN

- ❖ **Holder of the Office of the Holy Spirit for Planet Earth**
- ❖ **Director of the Office of the MahaChohan & Coordinator for the 7-Ray Departments**
- ❖ **The Great Comforter & Lord of Civilization**
- ❖ **Known as the Great Lord of the Seven Rays**
- ❖ **Twin Flame: Pallas Athena**

The name of this Advanced Master is in fact a title. "MahaChohan" means "Great Lord" and he is responsible for holding and maintaining the integrity of all the Rays currently manifest upon Earth. He works closely with the holders of the Office of the Christ; the Office of the Manu; the Planetary Logos and the Solar Logos. His "department" governs the principle of intelligent thought and process, and the directing of the planet and all sentient beings on their evolutionary path (at physical, emotional and mental levels). It grounds thought into matter; ideas into manifestation and works with the forces of nature and sources of energetic matter, such as magnetism and electricity, which are the building blocks of what we manifest.

The MahaChohan also acts as appointer, director, overseer and co-ordinator of all the Chohans of the Rays, ensuring that all energies function as a cohesive Whole and making sure that all works seamlessly and in harmony in accordance with Divine Will. The MahaChohan has also been given the title of "Lord of Civilisation" for his part in playing a pivotal role in the evolvement of humanity and with manifesting the Creator's plan for humanity and the planet through the creative and practical use of energy.

The MahaChohan represents the Holy Spirit and all of the divine qualities of Mother-Father God to our Planet Earth; his consciousness directs the activities of all of the Rays, giving action and light to whatever ray is in momentum. His *cosmic fire influence* is responsible for developing Divine Feelings in mankind, and is the authority of manifestation in the powers of nature and forces of the elements. It is the Maha Chohan that initiates our soul in preparation to receive the powers and gifts of the Holy Spirit and our Causal Body attainments, many of which are emerging in this eternal now due to his intervention.

Call to this great Divine Being and the legions of White-Fire Angels to pulsate the Sacred Fire of the Holy Spirit, releasing the flow of Life from the Great Central Sun into the hearts of all people evolving with the Earth. The MahaChohan's virtue is comfort and symbol is the white dove.

Our Current MahaChohan has formerly embodied as Virgil, *Publius Vergilius Maro* (70 B.C - 19 B.C.); Shepherd on the hillsides of India, keeping the Comfort Flame for millions of people; Homer, the Greek Poet (circa 850 BC - 750 BC); Orpheus, founder of the Orphic Mystery Schools (circa 1500 – 1400 BC). Our present MahaChohan is the fourth MahaChohan that our planet has had. The first three MahaChohans have returned to the Heart of the Father with the first three Root Races, all of whom completed their Ascensions.
