Metatron is considered to be one of the most supreme angelic beings sitting next to the throne of God and is depicted as the crown of the tree of life in Kabbalistic teachings. He is the representative of the Source, creator of the outer worlds. He helped in building the Great Pyramid of Giza and placed within it the purity that goes with that high vibrational area.

Creator of the SuperElectron, Metatron transfers the Divine Blueprint of Creation to all levels below him. You can call upon Him to deliver the exact amount of Light from his SuperElectron, never receiving more than you can handle. He is credited as ministering the sacred geometric patterns of the universe and his vast consciousness is very involved in Earth evolution especially in bringing in the Platinum Cosmic Light of Union. He teaches classes on inner planes, especially in the use of Light within physical manifestation to raise consciousness.

Metatron is one of the Regent Princes of the Seraphim; Chancellor of Heaven; the Scribe who takes down God's words and is known as the "King of the Angels". In the celestial hierarchy, he stands at the head of the Archaeons, and has the highest vibration of them all. His name ends in "ON", meaning "great". His name has been given no translation, but may mean "Great Assessor of Light" (metator = "measurer"). It has to be said that he has an immense sense of humor, and can at times be very mischievous. He is the Cosmic joker!

He and his Lady Sophia, have an etheric Temple of Light over Luxor, Egypt, which was the Capital of Ancient Egypt. He works closely with Serapis Bey and the Ascension Flame in the Ascension Temples at Giza. Metatron works closely in partnership with Archaeon Michael and Lord Melchizedek, overseeing Earth's spiritual evolution and our ascension program. He is head of the Sirian Central Sun Council and oversees the "zone of overlap" together with Melchizedek and Michael. Metatron is "gatekeeper" and was responsible for sealing the gateway of the 11:11 at the end of 2012, at which time our ascension program was fully activated. He is the only archangel who has ever externalized on Planet Earth.
